

# THE Stockholm Intellectual Property Law Review

---

## CALL FOR SUBMISSIONS

The *Stockholm Intellectual Property Law Review* (SIPLR) welcomes submissions for its two next issues. Authors are invited to submit original research papers, essays and book reviews on either *General Topics of European and International IP Law*, and on *Food*, the latter resulting in SIPLR's second thematic issue.

SIPLR is a student-led review first published in January 2018. Two issues covered a broad spectrum of IP subjects while the last issue resulted in the first fully thematic compilation (Pharmaceuticals), receiving positive feedback from scholars, students and supporters.

More information about SIPLR can be found here:
